Straight No Chaser

We couldn't make a Yacht Rock album and not pair it with the perfect drink. Rose, in our opinion, is the perfect summer beverage to pair with our Yacht on the Rocks album and we couldn't be more excited to share it with you. Drink it cold, listen loud, but most importantly...enjoy.

TASTING NOTES

Waves of raspberry and strawberry on the nose set sail for an island of tropical sorbet on the palate. Serve chilled with your favorite crew...
